Poster Presentation:

Hamidreza Roohafza, Masoumeh Sadeghi, Nafiseh Montazeri. DO ICAM and VCAM can predict severity of CAD instable angina? 8th Congress of Update in Cardiology and Cardiovascular Surgery(UCCS) Antalya, Turkey, 1 - 4 March 2012.

Research project

Survey the risk factors and in-hospital mortality rate in Patients admitted to Emam Reza hospital Kermanshah with diagnosis of pulmonary thromboembolism (PTE) in 2011-2015

Lectures in:

1. Conference of Cardiovascular Emergencies, Kermanshah University of Medical Sciences 2012
2. Conference of Ischemic Heart Diseases, Kermanshah University of Medical Sciences 2013
3. Seminar of Cardiovascular Surgery (from admition until discharge). kermanshah,2015
4. Conference of atherosclerotic risk factors and prevention of ischemic heart diseases Kermanshah University of Medical Sciences ,2014
5. One day of Hypertension conference, kermanshah,2015

6. One day of HEART FAILURE conference, kermanshah,2015
7. One day of MANAGEMENT OF HEART FAILURE conference, kermanshah,2018
8. One day of Cardiovascular emergencies conference, kermanshah,2018
9. One day of A rare and controversial cardiac case presentation program, kermanshah,2018
10. One day of Prevention of cardiovascular disease, Kermanshah,2019
11. Webinar updates on nursing care in hypertension,2021

Foreign language knowledge:

English, intermediate level

French, elementary level

The ability to use the electronic resources and databases:

Microsoft Office Software

Using the internet-based researches for research activities

Having the knowledge of the latest methods of online teaching

Research interests:

Cardiovascular diseases, especially in the field of atherosclerosis (including risk factors, prevention of coronary artery disease, diagnosis and treatment)
