

Curriculum Vitae

Nafiseh Montazeri. MD

Assistant professor of cardiology

Kermanshah University of Medical Sciences

Contact information:

Address:Kermanshah , Cardiovascular Center/ Imam Ali Hospital

Telephone:08338370252

E-mail:montazerinafis@gmail.com

Affiliation:

-Cardiovascular Research center,kermanshah University of Medical Sciences,kermanshah,Iran

-Clinical Research Development Center of Taleghani and Imam Ali Hospital,kermanshah University of medical sciences,kermanshah,Iran

Degrees:

-Diploma, 1993

-General Physician: Kermanshah University of Medical Sciences Kermanshah University of Medical Sciences, 1995-2002

-Specialty: Cardiovascular Diseases, Isfahan University of Medical Sciences, 2006-2010

-Clinical Informatics Fellowship ,2022

-E-learning Fellowship in Medical Sciences ,2023

General Thesis Topic:

Evaluation of fistula patency of the arterial and venous dialysis patients six months after surgery in hospital, Kermanshah December of 2000- April of 2002

Articles:

Poster Presentation:

Hamidreza Roohafza, Masoumeh Sadeghi, Nafiseh Montazeri. DO ICAM and VCAM can predict severity of CAD instable angina?_8th Congress of Update in Cardiology and Cardiovascular Surgery(UCCS) Antalya, Turkey, 1 - 4 March 2012

Educational background:

Education of Cardiology Resident
Education of Medical Students

Work background:

- Head of Health Clinic No. 2 in the city of Qasr-e Shirin, 2001-2002
- Head of CCU and the cardio section of Imam Khomeini Hospital in Songhor Koliaei, 2009-2010
- Cardiologist in the Moaven hospital clinic in Sahneh, 2010-2011
- Imam Ali Hospital cardiologist, since 2010
- Assistant professor of cardiology since 2012
- Head of POST CCU in Imam Ali hospital since 2017
- Education Vice-Chancellor of Cardiology Department (2018-2023)
- Vice -Chancellor of Medical Affairs of Imam Ali hospital from 2024

Foreign language knowledge:

English, intermediate level
French, elementary level

The ability to use the electronic resources and databases:

- Microsoft Office Software
- Using the internet-based researches for research activities
- knowledge of the E-Learning in Medical sciences

Research interests:

- Cardiovascular diseases, especially in the field of atherosclerosis (risk factors, prevention of coronary artery disease, diagnosis and treatment)
- Artificial Intelligence field
